Accommodations and  
Accessibility Features into  
Pearson Access<sup>next</sup>**

## Guide to Manually Enter Accommodations and Accessibility Features into PearsonAccess<sup>next</sup>

1. Log in to PearsonAccess<sup>next</sup> <https://il.pearsonaccessnext.com>  
*Hint: Make sure you are on the live site (blue background) versus the training site (brown background).*  
*Note: If you want to practice how to manually enter accommodations and accessibility features, use the training site instead: <https://trng-il.pearsonaccessnext.com>. Actions performed on the training site do **NOT** carry over to the live site.*
2. Under Setup, choose **Students**. Make sure you are on the most recent administration, Illinois 202X-202X > IAR Spring 202X. Screenshot below reflects Spring 202X admin.

3. Enter part of the student's last name *or* at least the first four digits of the student's state ID and click **Search**.

The screenshot shows the "Find Students" search interface. The search criteria "Last or Surname starts with (minimum 2 characters)" and "Search" button are highlighted with red boxes. Below the search criteria, there are filters: "Across All Organizations" (unchecked), "State Student Identifier" (checked), and "Starts with (minimum 4 character)". The "Search" button is also highlighted with a red box. The interface shows "No Results" and a message "Search or select a filter to view results."

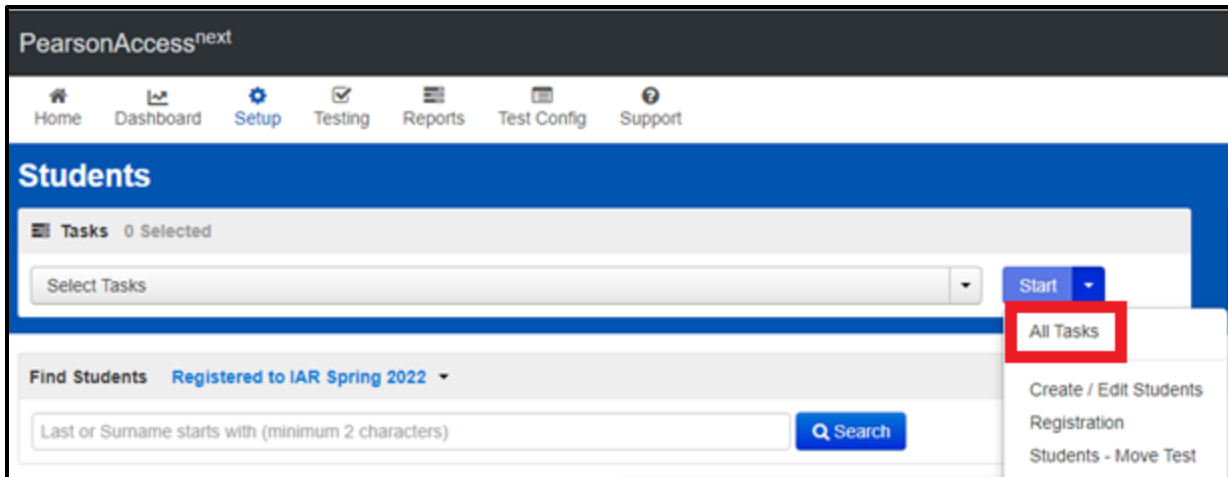

4. Select the student by clicking in the box to the left of the state ID.

*Hint: You may select multiple students at a time.*

The screenshot shows the search results table with 2 results. The table has columns for "State Student Identifier\*", "Local Student Identifier", "Last or Surname\*", and "First Name\*". The first result has a checked checkbox and the second result has an unchecked checkbox.

	State Student Identifier*	Local Student Identifier	Last or Surname*	First Name*
<input checked="" type="checkbox"/>	987654321 ⓘ		STUDENT	SAMPLE A
<input type="checkbox"/>	123456789 ⓘ		STUDENT	SAMPLE B

5. Under **Tasks** open the choices in the blue **Start** menu and choose **All Tasks**.

8. Add accommodations and/or accessibility features as needed, and click the blue **Save** icon (at the top or bottom of the page).  
*Hint: If you are unable to **save** an accommodation, check the **Register Students** tab to make sure the student's demographics are correct, as loaded from SIS. Correct in SIS if needed.*

9. Repeat steps 7 and 8 for the other content area, if applicable.

10. To go back to the main page, click **Exit Tasks** in the upper right corner.
