INSTRUCTIONS:

The following list contains the range of all secure materials that are included in this shipment.

Do not return this form with your test materials. Check your state policy for specific requirements for how long to retain this document. You will need it if an investigation of missing materials takes place. The school and district will be held responsible for any secure materials that were received at the school but not returned.

All secure documents must be tracked using this form or an equivalent form. For further information, see Section 3.3.2 of the TCM.

The School Test Coordinator and the District Test Coordinator must be careful about checking the barcode sequence of the materials to make sure the sequence of materials received and returned matches what is on the form.
